

Conclusions

- We want to share ideas and experiences to facilitate support and development of open repositories in Ukraine;
- We want to talk about implementation of social Web 2.0 services in Ukraine;
- We want to replicate the experience of other libraries and build a common infrastructure;
- We want to keep abreast of recent developments in library science;
- We want to organize cooperation with other libraries in order to disseminate scientific information;
- We want to promote scientific research papers of the Lviv Polytechnic National University outside Ukraine;
- We want to improve the librarian skillset.
